

<http://jenniferlspriggs.com>

I build elegant visual solutions to complex creative problems. My classical design training has given me a foundation in quick iteration and problem solving with an eye for detail and form. I tackle problems holistically, designing with intention and empathy.

## Experience

---

- |   |   |
|---|---|
| <b>Google</b><br><b>(Adecco Vendor)</b><br>Interaction Designer<br>Seattle, WA<br>Nov. 2017 - Present     | <ul style="list-style-type: none"><li>- build interactions and designs for the Clips camera and its companion app</li><li>- work directly with engineers to build designs from concept to implementation spec and deliver new features to launch</li><li>- work to make AI and machine learning more approachable and human</li><li>- build prototypes with Framer, Sketch, Illustrator, HTML, CSS, etc.</li></ul>                                  |
| <b>Microsoft</b><br><b>(KForce Vendor)</b><br>Product Designer II<br>Seattle, WA<br>Aug. 2017 - Nov. 2017 | <ul style="list-style-type: none"><li>- built and presented wireframes and HD prototypes to executive partners</li><li>- refined interactions and nuance for Azure cloud pricing calculator</li><li>- worked with Sketch, Illustrator, and Framer.</li><li>- worked closely with the developers by building out design work flows and systems to minimize steps between prototype design and production code.</li></ul>                             |
| <b>StratusCore</b><br>Lead Product Designer<br>Seattle, WA<br>Dec. 2016 - Aug. 2017                       | <ul style="list-style-type: none"><li>- developed SaaS platform and visualized dashboard for production companies and artists to manage their projects and production budgets</li><li>- created prototypes in Sketch and Adobe XD to support rapid testing and development</li><li>- also responsible for all front-end code and development</li></ul>  |
| <b>Lulabop</b><br>UX Designer & Developer<br>Seattle, WA<br>Dec. 2016                                     | <ul style="list-style-type: none"><li>- researched problems and solutions with current website architecture through user interviews and Google analytics synthesis</li><li>- prototyped and iterated deployable solutions with designer tools, then went straight to code in the Shopify platform</li><li>- deployed ahead of schedule to help client pitch and roll out new website, brand, and product to Home Depot for wholesale deal</li></ul> |
| <b>LPK</b><br>Visual & Print Designer<br>Cincinnati, OH<br>Aug. 2015 - Sept. 2016                         | <ul style="list-style-type: none"><li>- created products for P&amp;G's feminine care brands based on qualitative and quantitative user research</li><li>- inventor on several patents pending for the Always brand</li><li>- built collaborative design sessions to help P&amp;G executives re-think feminine care and baby-care products</li></ul>   |
